

Demand for an Immediate Injunction Against Quarantining/Detention and Mandatory Vaccines

We, the people of the united States of America are demanding an immediate injunction against any and all quarantining and mandatory vaccination of the American people because in the unseen context of such orders, as will be shown below, they are in no way health measures, they are unquestionably unconstitutional, they are tied to a plan to end the US as a sovereign country and bring in foreign troops, and they are an immediate and blatant genocidal threat to the lives of millions of Americans, men, women and children.

Here are the reasons which rest on legal, medical, historical and criminal information:

1. Quarantining and mandatory vaccination rest upon two intersecting orders signed by George W Bush in 2007 with neither voted on by Congress.
2. Goerge W. Bush signed a Presidential Directive on May 9, 2007 under which gives the White House unprecedented dictatorial power over the government and the country, bypassing the US Congress and obliterating the separation of powers. The directive also places the Secretary of Homeland Security in charge of domestic "security".

After receiving concerned communications from constituents, in July 2007 [U.S. Representative](#) and [Homeland Security Committee](#) member [Peter DeFazio](#) made an official request to examine the classified Continuity Annexes in a secure "bubbleroom" in the [United States Capitol](#), but his request was denied by the [White House](#), which cited "national security concerns."^[8] This was the first time DeFazio had been denied access to documents. He was quoted as saying, "We're talking about the continuity of the government of the United States of America...I would think that would be relevant to any member of Congress, let alone a member of the Homeland Security Committee."^[8] After this denial, DeFazio joined with two colleagues ([Bennie Thompson](#), chairman of the committee; and [Chris Carney](#), chairman of the Homeland Security oversight subcommittee) in a renewed effort to gain access to the documents.
^[9]

3. Also in 2007, Bush put into force International Health Regulations which stipulate that in the event of the declaration of a global pandemic emergency, the UN and the WHO will take control of the country, along with DHS and FEMA. In Europe, the WHO and NATO would take control.

There regulations raises the issue regarding separation of powers, as **the authority to enter into international treaty is solely held to the federal government and expressly prohibited to the states.**

4. Between the two orders, neither voted on by Congress, the mere declaration by the WHO of a "pandemic emergency," if the president also declares such an emergency, those declarations trigger two things 1). the end of Constitutional government in the US with control of the country ceded to a president ruling alone, with support from DHS, and 2) for two foreign entities, the WHO and UN troops, to enter the US, and side by side with a now massively armed DHS and FEMA, take control in the US.

5. Of note, there is no provision in Bush's presidential directive for reinstating the Constitution or in the International Health Regulations (IHR) for calling off the emergency and pulling UN troops and WHO out of the US. And DHS has been massively armed and FEMA has built over 300 "camps" which resemble concentration camps (barbed wire facing in, train tracks running into the camps, etc.) and has had boxcars with shackles since 2011 and with guillotines mounted at the front of them.

6. The WHO's IHR are the legal framework for quarantining and mass vaccinating people across the USA. The WHO's IHR, signed by Bush without Congressional vote, arranges for a foreign entity, merely on that foreign entity's declaration of an emergency, to subject the United States to martial law control by that foreign entity and backed up by foreign (UN) troops on US soil.

7. Quarantining and mandatory vaccination thus arise from two unconstitutional sources - a Presidential directive that arranges for the end of Constitutional government in the US in the event of a catastrophic emergency, and the intersection with a second unconstitutional agreement between a president and a foreign power/entity, the WHO, which by that entity's mere declaration of a catastrophic pandemic emergency, would include a military invasion of the US by UN troops and WHO. This would bring about the end of constitutional rule in US as stipulated by the same president, "in the event of an emergency" with no provisions for reinstating it.

8. In both cases, quarantining and mandatory vaccination arise from treasonous acts by George W. Bush that 1). arrange for the end of the US Constitution and rule by representative government, and 2). the invasion of the US by foreign troops.

9. These unquestionably treasonous acts are reinforced by the Homeland Security Act (HSA) which was pushed through Congress after 9/11 and by the Model State Emergency Health Powers Act (MSEHPA, MEHPA, or EHPA) pushed state legislatures following the anthrax killings. They hand immense power over to the CDC and HHS, providing opportunity for forced vaccinations of the entire public as well as other unspecified forms of medical intervention "deemed necessary in a health emergency" **as defined by a health official**, who is appointed to office. HHS will oversee all states in establishing and directing a health emergency, **which can be merely the "potential "of a health emergency.** A section of a MSEHPA law in Massachusetts is included with the Evidence provided, which shows it to be thinly disguised martial law and dovetailing with a military take over of the US as it lists seizure of fuels, communication, transportation, food, clothing and more.

10. The findings of Congress' Committee for Governmental Reform in 1999 found numerous

problems with the CDC, which was instrumental in aiding the passage of the MSEHPA (this is taken from an article included with the Evidence portion of this demand for an immediate injunction):

- * The CDC routinely granted waivers from conflicts of interest rules to every member of its advisory committee.

- * CDC advisory committee members who were not allowed to vote on certain recommendations due to financial conflicts of interest, were allowed to actively participate in committee deliberations and advocate specific positions.

- * The Chairman of the CDC's advisory committee until recently owned 600 shares of stock in Merck, a pharmaceutical company with an active vaccine division.

- * Members of the CDC's advisory committee often left key details out of their financial disclosure statements, and were not required to provide the missing information by CDC ethics officials.

- * On June 15, 2000, further hearings by this committee again revealed a conflict of interest with the CDC Advisory committee and the Pharmaceutical companies.

- * These conflicts still exist today, as seen in the recent hearings of this committee on Dec. 10, 2002. At these hearings, **Representative Dan Burton (R.-TX) ripped the CDC and National Institute for Health (NIH) for not recalling dangerous vaccines**, and for their reluctance (resistance, if you will) to act in the public's best interest^{4,5}

10. Elements of MSEHPA violate the first, fourth, fifth, sixth and eighth amendments to the Constitution and treat American citizens as if they are the enemy. This is consistent with a health "emergency" actually being used as a cover for a military take over.

11. Who runs the World Health Organization?

The main funders of the WHO are the Rockefellers and Bill Gates.

The Rockefellers had half interest in IG Farben, the Germany pharmaceutical and chemical consortium that funded Hitler, http://www4.dr-rath-foundation.org/PHARMACEUTICAL_BUSINESS/history_of_the_pharmaceutical_industry.htm ran the concentration camps and did hideous experiments on prisoners there, including with vaccines.

Bill Gates talks openly about reducing population with vaccines. http://www.engdahl.oilgeopolitics.net/Swine_Flu/Gates_Vaccines/gates_vaccines.html Gate's oral polio vaccine caused 47,500 cases of polio in India in 2011 alone, and was twice as deadly to children as wild polio.

The WHO filed those 47,500 cases of paralyzed children that occurred immediately following Gate's polio vaccines, under "non-polio paralysis" and declared India was eradicating polio with Gates' vaccines. <http://salem-news.com/articles/april182012/gates-vaccines-js.php>

Bill Gates is funding the US bioweapons lab in a hospital in Sierra Leone with George Soros. That lab is the epicenter of the Ebola outbreak. The hospital was built by Doctors Without Borders and Rockefeller's son was head of it in the USA.

"We created a hospital, and a lot of people started to get sick and die. It's very difficult for them to make a connection that we are here to help," said Dr. Tim Jagatic of Doctors Without Borders"

<http://birdflu666.wordpress.com/2014/07/24/sierra-leone-orders-us-bioweapons-lab-at-centre-of-ebola-outbreak-to-be-relocated-tulane-university-to-stop-ebola-testing/>

"This is the very same WHO that unilaterally declared a pandemic level 6 emergency in 2009 after altering the definition of pandemic several times until it was loose enough to allow it to declare just such a pandemic emergency, allowing it to impose martial law, quarantines and forced vaccinations on the world.

"This is the WHO that instructed governments around the world to start forced mass vaccinations against a harmless "swine flu" that is misdiagnosed 9 times out of 10 and that might not even exist because so far it has never been isolated in a lab.

"This is the organisation that refused to release minutes of a key meeting on July 7th [2009] when its "vaccine advisory board", packed with executives from pharmaceutical companies such as Baxter and Novartis as "observers", recommended to WHO that it order forced vaccinations around the world with their vaccines, ensuring them vast profits.

"This is the same WHO that is now in control of health and security services around the world thanks to legislation it imposed in the form of the International Health Regulations 2005, incorporated into national pandemic plans.

"This is the WHO that supplied Baxter's Austrian subsidiary with the live bird flu virus that Baxter used to contaminate 72 kilos of vaccine material before sending it out to 16 labs, so nearly triggering a pandemic."

12 . Barack Obama campaigned on a pledge to immediately overturn all of Bush's executive orders and not write any himself, but he did not overturn any of Bush's orders or directives and has added many himself. Most relevant to quarantining and mandatory vaccination, Obama's most recent Presidential order, *Revised List of Quarantinable Communicable Diseases*, amends [executive order 13295](#), passed by George W. Bush in April 2003, which allows for the, "apprehension, detention, or conditional release of individuals to prevent the introduction, transmission, or spread of suspected communicable diseases." Obama's order **lowered** the bar for detaining Americans and subjecting them to detention (quarantine) which is expected to include forced vaccination. **He reduced** the standard to a mere respiratory illness as a means of forcibly detaining any American, such that a cold could be used to forcibly detain people. The order is included in the Evidence.

13. The acceptance of a "pandemic emergency" - which is the only basis for the quarantining of US citizens and mandatory vaccination - **coincides with and thus becomes de facto acceptance of**

a. a full dictatorship in the US as arranged in great detail by George W. Bush by means of National Security Presidential Directive/NSPD 51 and Homeland Security Presidential Directive/HSPD-20, neither voted on by Congress, and

- b. an invasion of the US by foreign troops (the UN).
- c. control of the US by a foreign entity (the WHO).

Such emergency powers are entirely unconstitutional and thus so are any and all quarantining and mandatory vaccination under a "pandemic emergency" which is actually the trigger for 1), 2), and 3).

14. The bases for the Homeland Security itself and for pandemic laws which include mass quarantining and mandatory vaccination were both false flag attacks on the US that have each been proven.

15. The US lab responsible for making the explosives used in 9/11 has been named as "Sandia Labs/Los Alamos" <http://jhaines6.wordpress.com/2014/08/01/veterans-today-with-stew-web-2014-07-14/> but even without this exposure, it had become clear to the world and the American public that only with the connivance of the Bush administration could 9/11 have happened. This was apparent

in their holding a drill that day of planes crashing into building,
in their keeping military planes from scrambling,
in their immediately removing evidence at both crimes in NY and the Pentagon,
in their blocking an investigation until the families had to force one,
in Bush and Cheney refusing to testify under oath or be recorded,
in the Bush administration already having plans to go to war with Iraq,
in their having the Patriot prepared,
in Building 7 coming down though never hit by planes and being filled with SEC documents against the bankers
in Rumsfeld announcing the night before that trillions were missing from the Pentagon, and the area of the Pentagon that was hit included the audit of those trillions and Cheney immediately saying all the documents about the money were gone.

He who does not learn from history is doomed to repeat it.

16. An investigation proved the anthrax for the murders originated at the U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID) at Fort Detrick, Maryland a bioweapons lab. A scientist, microbiologist Bruce Edward Ivins, who had worked there for 25 years and had no political history of activism, was blamed and immediately afterwards "committed suicide." The case was shut down but as with the government's 9/11 investigation, questions were not answered.

The militarized anthrax used by the US was developed by William C. Patrick III, who holds five classified patents on the process. He has worked at both Fort Detrick, and the Dugway Proving Grounds in Utah. Patrick is now a private biowarfare consultant to the military and CIA. Patrick developed the process by which anthrax spores could be concentrated at the level of one trillion spores per gram. No other country has been able to get concentrations above 500 billion per gram. The anthrax that was sent around the eastern US last fall was concentrated at one trillion spores per gram, according to a Jan. 31 report by Barbara Hatch Rosenberg of the Federation of American Scientists. <http://www.rense.com/general20/mic.htm>

17. As many as 15 world-class microbiologists have died between 9/11/01 and 6/24/02. <http://www.rense.com/general20/mic.htm> The scientists were involved in DNA sequencing and in bioweapons research.

*Set Van Nguyen was found dead on Dec. 11 at the Commonwealth Scientific and Industrial Research Organization's animal diseases facility in Geelong, Australia. He had worked there 15 years. According to an article on www.rense.com by Ian Gurney, in Jan. 20001 the magazine Nature published information that two scientists at this facility, using genetic manipulation and DNA sequencing, had created an incredibly virulent form of mousepox, a cousin of smallpox. The researchers were extremely concerned that if similar manipulation could be done to smallpox, a terrifying weapon could be unleashed.

*In 1989, Vladimir Pasechnik defected from the Former Soviet Union (FSU) to Great Britain while on a trip to Paris. He had been the top scientist in the FSU's bioweapons program, which is heavily dependent upon DNA sequencing. Pasechnik's death was reported in the New York Times as having occurred on Nov. 23. Pasechnik had formed a company called Regma Biotechnologies Ltd. Regma describes itself as "a new drug company working to provide powerful alternatives to antibiotics." Like three other microbiologists detailed in this article, Pasechnik was heavily involved in DNA sequencing research. During the anthrax panic of this past fall, Pasechnik offered his services to the British government to help in any way possible.

*Victor Korshunov was head of the microbiology sub-facility at the Russian State Medical University. He was found dead in the entrance to his home with a cranial injury. Pravda reports that Korshunov had probably invented either a vaccine to protect against biological weapons, or a weapon itself.

*A newspaper in Norwich, England reported the previous day's death of Ian Langford, a senior researcher at the University of East Anglia. The story went on to say that police "were not treating the death as suspicious." The next day, Britain's The Times reported that Langford was found wedged under a chair "at his blood-spattered and apparently ransacked home."

*There is another intriguing connection between three of the five American scientists that have died. Wiley, Schwartz, and Benito Que worked for medical research facilities that received grants from Howard Hughes Medical Institute (HHMI). HHMI funds a tremendous number of research programs at schools, hospitals and research facilities, and has long been alleged to be **conducting "black ops" biomedical research for intelligence organizations, including the CIA.**

Long-time biowarfare investigator Patricia Dole, Ph.D. reports that there is a history of people connected to HHMI being murdered. In 1994, Jose Trias met with a friend in Houston, Texas and was planning to go public with his personal knowledge of HHMI "front door" grants being diverted to "back door" black ops bioresearch. The next day, Trias and his wife were found dead in their Chevy Chase, Md. home. Chevy Chase is where HHMI is headquartered. Police described the killings as a professional hit. Tsunao Saitoh, who formerly worked at an HHMI-funded lab at Columbia University, was shot to death on May 7, 1996 while sitting in his car outside his home in La Jolla, Calif. Police also described this as a professional hit.

<http://www.rense.com/general20/mic.htm>

18. The military contractor Dyncorp, Hadron, Promis Software & Disease Research. Dyncorp holds a patent on the H1N1 virus (swine flu). It was patrolling in helicopters along the Mexico/US border where swine flu first broke out, and is involved in human slavery. In a lawsuit filed by a former employee in 1999:

Ben Johnston, a [DynCorp](#) aircraft mechanic for Apache and Blackhawk helicopters in Kosovo, filed a lawsuit against his employer. The suit alleged that that in the latter part of 1999 Johnson "learned that employees and supervisors from [DynCorp](#) were engaging in perverse, illegal and inhumane behavior [and] were purchasing illegal weapons, women, forged passports and [participating in] other immoral acts."

"DynCorp is just as immoral and elite as possible, and any rule they can break they do," Johnston told Insight magazine. He charged that the company also billed the Army for unnecessary repairs and padded the payroll. "What they say in Bosnia is that [DynCorp](#) just needs a warm body -- that's the [DynCorp](#) slogan. Even if you don't do an eight-hour day, they'll sign you in for it because that's how they bill the government.

19 "The research the microbiologists were doing could have developed methods of treating diseases like anthrax and smallpox *without conventional antibiotics or vaccines.*" That statement is quoted from the article cited above exposing the dead microbiologists, as well as the military contractor Dyncorps, by Michael Davidson and Michael Ruppert. <http://www.rense.com/general20/mic.htm> But the next statement in the article is even more telling: **"Pharmaceutical contracts to deal with these diseases will total hundreds of millions, if not billions, of dollars. If epidemics could be treated in non-traditional ways, MEHPA might not be necessary."** Ruppert was exposing 9/11 and recently died from an alleged suicide. His last show was on people waking up. https://www.youtube.com/watch?v=CIGE2pva_h4

20. In the context of treating disease without antibiotics or vaccines, there is a simple and cheap cure for Ebola. http://www.naturalhealth365.com/natural_cures/ebola-virus-thomas-levy-1095.html. IV vitamin C which has cured swine flu, hemorrhagic dengue fever, West Nile, polio and numerous other viruses. <http://www.peakenergy.com/downloads/VC.NZ.Sept.2010.pdf> It is an absolute viricide, whether the virus is a bioweapon or natural, so it exposes all vaccines as unnecessary. <https://www.youtube.com/watch?v=e07P6rj2Xx8> The video belongs with this article <http://yupfarming.blogspot.com/2010/10/dawn-of-new-medical-age-and-collapse-of.html> In knowing the USFDA's response to its miraculous effectiveness as seen in a 60 Minutes segment that went viral globally, was to ban its mass production, even though it was the very disease the government had declared threatened millions. But it can cure everything not just swine flu. <http://www.medfoxpub.com/cgi-bin/html/cgi/medfoxnews/PrimalPanacea.html>

In seeing the government's effort is solely to promote terror when there is a clear cure available, the **medical justification** for declaring an emergency and quarantining and vaccines are all exposed as a medical farce. All that remains when one strips away the medical charade, all that remains are the **military reasons for** quarantining and forced vaccination is all that remains.

21. That the emergency powers put in place by Bush, which are being invoked now for quarantine and mandatory vaccination, are actually related to the overthrow of the US government and the invasion of the country by foreign troops, leads one to look more deeply into Bush and the WHO.

22. George W. Bush's grandfather Prescott Bush was a German Nazi named Scherf <http://www.proliberty.com/observer/20070405.htm> who attempted a fascist coup in the US in 1933, exposed by General Dudley Butler. <http://www.salem-news.com/articles/december032011/bush-drugs.php> George W. Bush's father, George HW Bush was involved in the assassination of JFK, RFK, and many others. <http://www.shifrfrequency.com/alfred-lambremon-webre-expert-ole-dammegard-on-jfk-rfk-john-lennon-assassinations-watergate-911-cia-operation-40-video/> George W. Bush was not elected but put into office by his brother's rigging on the Florida vote and then the Supreme Court, which, for some unknown reason, supported the man who lost the popular vote. One in office. George W. Bush had the largest attack on the US which allowed him to put in the Patriot Act (similar to Hitler's Enabling Act) and the Homeland Security Act which created a standing army in the US, forbidden under the Constitution. From there, he put out directives and signed an agreement with the WHO, which arrange for the end of US sovereignty and a take over by UN troops and the WHO. Those are 3 efforts at political coups, one in each generation - the first one failed, the second one assassinated a president and replaced him with someone who opened up a full blown war on Vietnam as desired by elements of the US military, and the third coup is in progress and depends upon a "pandemic" emergency laid out in advance.

23. The American people are being told the government want to save their lives with quarantining and vaccines. We can see this is not true with a cursory look at what the US has been doing to Americans to cause diseases intentionally and to slowly murder the US people, From <http://rense.com/general11/chemtraildeliv.htm>

- "In fact there is a "network of over 100 laboratories on campuses and industrial parks across the nation where military and contract personnel develop new technologies and strategies for killing human beings in the name of national security.
-
- "From the military's own abstract of a workshop on "Chemical Lethality Predictions" we learn that when planes spray deadly chemicals in the form of rain or mist, it is possible to calculate how much of those killer agents can be deposited on each person on the ground. **The calculations are so precise that "...ten large VX drops that fall over a populated area have the chance to kill up to 9 out of 10 people."**
-
- "Many Americans have reported seeing or feeling chemical mists fall from the sky during chemtrail spray episodes. Chemtrail investigator Will Thomas reports that people hit by these mists usually become gravely ill within 48 hours. Thomas tells of hiker Joe Burton in Tennessee who, in 1998, was sprayed by a plane leaving a heavy toxic fog at tree-top level. Burton contracted symptoms similar to Gulf War Illness. Strange chemicals had entered his lungs, attacking his liver, gallbladder and kidneys. He was also found to have a very rare flu-like virus that was tracked to Geneva, Switzerland, home of the World Health Organization.
-
- "Congressional hearings of 1975, 1977 and 1994 confirm in nauseating detail that our

illustrious Department of Death has used the American population as hapless guinea pigs since WWII. Rutgers professor Leonard Cole collected from U.S. military records a horrifying list of biological and chemical agents furtively tested on American and Canadian civilian populations. In 1999, Jonathan Moreno of Clinton's Committee on Human Radiation Experiments, also confirmed in his book *Undue Risk* decades of murderous military-intelligence experimentation on civilians without their knowledge or consent.

-
- "In 1953, an odious series of 36 tests was conducted on citizens of Winnipeg in Canada. Our government lied to the Winnipeg mayor, assuring him that the tests were non-toxic and defense-necessary. The actual purpose of these CIA-designed tests was to see how large a percentage of the population could be given chemical-induced cancer.
-
- "Our spray planes and spray trucks saturated the people of Winnipeg with the carcinogen zinc cadmium sulfide, the same chemical sprayed on many American cities. By calculating the number of people who subsequently came into medical clinics complaining of sore throats, bronchial problems and ringing ears, the test-masters determined that had the chemical not been watered down, they could have induced cancer in one-third of the Winnipeg population.
-
- "In 1994, Dr. Cole testified before a Senate committee that he feared the military might develop new and genetically engineered pathogens. He could not have known then that our government had been working on such heinous pathogens since the 1960s, when it initiated a special virus cancer program in order to create contagious cancers for biowarfare.

24. "Ebola" is supposed to be the terrible threat that demands quarantining and vaccines. But in 1996, Dr. Leonard Horowitz confirmed in his book *Emerging Viruses* that both AIDS and the Marburg-Ebola complex were man-made and came from America's biowarfare labs. The US military or those controlling the US government created Ebola.

25. The CIA was involved with Tulane University in weaponizing the polio vaccine which was sent to Africa where it caused AIDS. <http://stuartjeannebramhall.com/2014/04/20/the-cias-medical-manhattan-project-2/> And Dr. Maurice Hilleman who was head of vaccines at Merck admitted that Merck brought AIDS to the US, as well as that all their vaccines contain cancer viruses. <http://counterpsyops.com/2013/09/08/merck-dr-maurice-hilleman-admits-on-record-vaccines-contain-aids-and-cancer-viruses-derived-from-diseased-monkeys/>

26. **Ebola is related to a US bioweapons lab at the epicentre of the current Ebola epidemic .**

<http://birdflu666.wordpress.com/2014/07/08/us-bioweapons-lab-in-sierra-leone-at-the-epicentre-of-ebola-outbreak/> It is housed in the Kenema Government Hospital in Sierra Leone, which includes a US a biosecurity level 2 bioweapons research lab with links to the **Bill and Melinda Gates Foundation** and **Soros Foundation**. US biodefense scientists have been working at the lab on viral fevers such as Ebola since 2011 at least. <http://www.nti.org/gsn/article/biodefense-scientists-fight-lassa-fever/>

Tulane University was involved. The Sierra Leone government appears not to view this lab and the Consortium behind it as beneficia because it closed has closed the lab and asked Tulane to stop Ebola testing.

The sensational announcement — posted on the health ministry's facebook page — strongly suggests the notion that **the diagnosis of Ebola using Tulane University kits** at Kenema have been found to be **false or faked**.

The **Kenema bioweapons lab is the only testing centre for ebola in Sierra Leone and holds the highest number of victims**. Tulane University conducts bioweapons research on behalf of the U.S. Army Medical Research Institute of Infectious Diseases (**USAMRIID**). <http://birdflu666.wordpress.com/2014/07/24/sierra-leone-orders-us-bioweapons-lab-at-centre-of-ebola-outbreak-to-be-relocated-tulane-university-to-stop-ebola-testing/>

Scientist Stephen Gire who was working there has links to **the CDC** and to the **United States Army Medical Research Institute of Infectious Diseases (USAMRIID)** and has researched viruses such as West Nile, Dengue Fever, Monkeypox and **Ebola ...**"

USAMRIID is the lab in Fort Detrick, Maryland out of which weaponized anthrax spores were sent that killed people. It was the terror from that was used to push through Bush's pandemic laws. Spores were also sent to two Senators who were opposed to Bush's desire to go to war against Iraq.

Dr James E. Robinson ” is a collaborating investigator in four large consortia projects funded by the **Bill and Melinda Gates Foundation.**” He works for **Tulane produced weaponized polio vaccines that caused AIDS and killed millions in Africa.**
<http://vhfc.org/consortium/people/robinson>

The Consortium of universities and private groups and military involved in the lab in Sierra Leone intend to expand this program to include other important infectious agents such as Ebola, Marburg and other Arenaviruses that are of great concern to **public health and bioterrorism**, states the bioweapons lab website.

27. It is precisely **the mask of public health** that is hiding actual bioterrorism by the US government and military against its own people, now. Promulgated fear (since there are easy cures for the natural diseases) has allowed the various groups to receive immense taxpayer funding. That funding and the profits from the drugs and vaccines are both greatly increased by the threat of yet more dangerous and exotic diseases and the cycle continues - all of it dependent on fear. The pharmaceutical industry controls global media which is helpful in promoting fear and any story they wish. So, the fact that Ebola deaths are occurring near a US bioweapons lab in Sierra Leone is not mentioned in any main stream media in the world.

28. Mandatory vaccination and the involvement of bioweapons labs raises the issue of what is in the vaccines. In regard to the anthrax vaccine which was forced on US military before the Gulf War, Dr. Garth Nicolson who is a cell biologist and may be the top scientist in the world based on the number of times his work (in over 500 journal articles) has been cited by other scientists, that the only people who got Gulf War Syndrome were those who were vaccinated with the anthrax vaccine. He says that those vaccinated in the states who never went to the Gulf War, got GWS.

Those who went to the Gulf War but didn't get the vaccine did not get it. The French who did not take the vaccines, never got Gulf War Syndrome. 30,000 died and over 150,000 veterans suffer from chronic illnesses because of a massive testing program, and various academic and governmental employees did everything in their power to prevent this information from being released to the American public. He was made an honorary colonel and an honorary Seal for his work on behalf of US military infected with the anthrax vaccine. He and his wife, also a doctor, were threatened for their exposure of this. He also says that ordinary vaccines are also contaminated, by mycoplasma, a primitive bacteria that takes apart cell walls in whatever organ it lands (brain - autism, ALS, Parkinsons, Alzheimers; pancreas - diabetes, etc.). In regard to Ebola, Dr. Nicolson says that **Ebola is easily contained.**

He was interviewed on the radio on August 6, 2014 on the topic: **Ebola False flag coming?**
<http://noliesradio.org/archives/86464>

29. The investment model of the pharmaceutical industry is inseparable now from military bioweapons which offer a greater level of lethality than normal disease.

The main principles governing the pharmaceutical “business with disease.” It is not in the financial interests of the pharmaceutical industry to prevent common diseases – the maintenance and expansion of diseases is a precondition for the financial growth of this industry.

See more under Evidence and The Laws of Pharmaceutical Industry.

30. Profit is not the only reason that fear of diseases has value.

“Academic medicine has been and is the most important pillar of support of all dictatorships and governments which do not want to submit to written law, to constitutions, to human rights, that is, to the democratically legitimized social contract.” ~ Virologist Dr. Stephan Lanka – Interview 10.27.2005

31. The fear cited most is a recurrence of the 1918 flu, but a flu was not responsible for the deaths of 20-50 millions - vaccines and aspirin were.

During the Spanish flu pandemic of 1918-1919, the Greeks refused to carry out a mass vaccination programme. Greece had a negligible deaths from the Spanish flu underlining that the vaccinations were more dangerous than the actual flu during that “pandemic” too.

<http://birdflu666.wordpress.com/2009/08/04/greeks-to-be-the-first-to-face-the-vaccine-genocide-in-europe-every-person-in-greece-to-be-given-the-h1n1-jab-says-head-of-government/>

The 1918 deaths were the result of the pharmaceutical industry in the greatest health catastrophe of humankind. Their pandemic plans reinforce every mistake made in 1918-19, forcing treatments that are known to damage the immune system and which appear, based on the US government's history with bioweaponized vaccines, to have weaponized "treatments."

Part 1: 1918 and Aspirin

<http://foodfreedom.wordpress.com/2011/07/09/bayer-and-death-1918-and-aspirin/>

[Addendum: Monsanto was involved in the 1918 deaths. 1917: Bayer, The German competition cut prices in an effort to drive Monsanto out of business, but failed. Soon, Monsanto diversified into phenol (a World War I-era antiseptic), and aspirin when Bayer's German patent expired in 1917. Monsanto began making aspirin, and soon became the largest manufacturer world-wide.]

32. Obamacare or the Affordable Care Act includes WHO/UN coding for "deaths by legal execution" but at the "behest" not of a civil court and jury trial but of a judiciary or ruling authority: <http://jhaines6.wordpress.com/2014/08/07/the-elite-decapitation-and-obamacare-by-william-davies-this-is-big-very-very-big-and-connected-to-the-ebola-false-flag-j/>

ICD 9 E 978 "Legal Execution"

All executions performed **at the *behest* of the judiciary or ruling authority** [whether permanent or **temporary**] as:

- **asphyxiation by gas** [As was done in the Nazi death camps? What government legally asphyxiates people? How many people? Where? In the bricked up train buildings in Indiana that have tracks running into them for FEMA/DHS train cars? In subways with Sarin or other gases? From the sky?]
- **beheading, decapitation (by guillotine)**
- **capital punishment** [By what means? Was this just thrown in so someone scanning the list quickly would see something familiar and not look further?]
- **electrocution** [En masse?]
- **hanging** [Was this also thrown in to appear normal on such a list? But do US states hangs people for capital crimes? Does any country?]
- **poisoning** [In what country is poisoning a legal execution? Does this refer to poisoning of water supplies? Or of food supplies? Or by assassination?]
- **shooting** [Firing squad? Shooting of protestors? Mass shootings in front of pits as was done by the Nazis?]
- **other specified means** [Where are those listed? This UN coding leaves this section refers

to secret information. What kind of medical coding is that? Are drones such means? Or mandated lethal vaccines such as with weaponized Ebola patented by the CDC? Is harvesting of organs included on the secret list of means?]

- **Injury undetermined whether accidentally or purposely inflicted** [How can it be a "legal execution" if it is accidental? How can it be a "legal execution" - distinct from all the choices above - if it is an *injury* that was purposefully "*inflicted*"? That is a description of torture. Would rape not fit here? Would child rape, torture and satanic sacrifice by the elite as exposed by ITCCS.org not fit here as well?]

The last question above – “Would child rape, torture and satanic sacrifice by the elite as exposed by ITCCS.org not fit here as well?”

33. Guillotines have been at the head of FEMA/UN boxcars which contain shackles.

"Beginning in 1999, the government has entered into a series of single-bid contracts with Halliburton subsidiary Kellogg, Brown and Root (KBR) to build detention camps at undisclosed locations within the United States. The government has also contracted with several companies to build thousands of railcars, some reportedly equipped with shackles, ostensibly to transport detainees." (See Evidence for more details.)

There are many witnesses to these guillotines as well as reports of "huge gas chambers outside of Portland, Oregon (see the end of the article above entitle Elite, Decapitation and Obamacare) and well as bricked up buildings with rail lines leading into them inside a military site in Indiana.

34. The company "on track" to provide Ebola treatment <http://scr.zacks.com/News/Press-Releases/Press-Release-Details/2013/fhs/default.aspx> lists partners 1) who have been or are now being **sued for medical harm and/or deaths** and/or creating diseases, 2) who are **military**, or 3) who are **infamous**, and 4) who are undisclosed. The final type of partners one must assume are worse than types 1 through 3 in some way, or expose some party wishing to remain anonymous or expose a serious conflict of interest. They could be US bioweapons labs, or expose Bill Gates and George Soros who are connected to the US bioweapons lab in Sierra Leone that is at the epicenter of the deaths, or the involvement of Murdoch, the Rockefellers or Goldman Sachs, all heavily invested in vaccines. See below.*

Tekmira <http://tekmira.com/> partners with:

Bristol-Myers Squibb Company [[Fraud and bribes](#), and [causing disabilities and a new disease](#)],

Merck & Co. Inc. [whose lead vaccine scientist admitted they [caused AIDS in the US](#) and [killing large numbers of young girls with their Gardasil vaccine](#)],

Takeda Pharmaceutical Company [[Bladder cancer](#) and [Heart failure](#)],

the United States Government's Transformational Medical Technologies (TMT) Program [[aware of how to enhance biothreats and cause new diseases](#)],

Monsanto, and

other undisclosed pharmaceutical and biotechnology companies.

35. Monsanto, the company listed above as funding a "solution" to Ebola, genetically alters seeds that grow into "stuff" Monsanto fraudulently suggests is food to save the world from hunger, just as the vaccine that Tekmira will suggest will save the world from disease. But the "stuff" that grows from Monsanto's seeds does not qualify as food. The corporations actually know what is being sold as food, is not food, and have legally redefined food as "stuff." <http://www.sott.net/article/230216-Corporations-Have-Redefined-Food-as-Stuff> Monsanto's "stuff" sterilizes, causes diseases and kills and literally fits the definition of a bioweapon. From <http://salem-news.com/articles/may282011/gmo-not-food-cs.php> "GMOs Don't Qualify As Food"

" studies in animals repeatedly show [severe organ damage](#) and [infertility/sterility](#).

"Food is defined as "any nourishing substance that is eaten, drunk, or otherwise taken into the body to sustain **life**, provide energy, promote growth, etc. and by Webster as "material consisting essentially of protein, carbohydrate, and fat used in the body of an organism to sustain growth, repair, and vital processes and to furnish energy."

A bioweapon is defined as:

"(Military) a living organism or a toxic product manufactured from it, used to kill or incapacitate"

Flooding the market with GMOs that sterilize and cause organ damage and diseases that disable and kill, while intentionally keeping them unlabeled so they are unavoidable and inescapable, is **bioterrorism**. Monsanto's involvement with a bioweaponized vaccine is also bioterrorism. Previously, it committed bioterrorism in Vietnam with Agent Orange.

In 1918, it and Bayer killed millions of people with aspirin. <http://foodfreedom.wordpress.com/2011/07/09/bayer-and-death-1918-and-aspirin/> Monsanto was involved. In 1917: Bayer, The German competition cut prices in an effort to drive Monsanto out of business, but failed. When Bayer's German patent expired in 1917. Monsanto began making aspirin, and soon became the largest manufacturer world-wide.] In 1967: Monsanto entered into a joint venture with **IG Farben** = the German chemical firm that was the financial core of the **Hitler regime**, and was the main supplier of Zyklon-B gas to the German government during the extermination phase of the Holocaust; IG Farben was not dissolved until 2003. **Will Monsanto supply the lethal gas used in the gas chambers in the US** known to exist outside Portland, San Diego, San Antonio, in Indiana, and elsewhere? Monsanto's history is of producing the most toxic substances on earth and then lying about them for decades as deaths mount. <http://bestmeal.info/monsanto/company-history.shtml> <http://www.seattleorganicrestaurants.com/vegan-whole-food/poisons-legacy-Monsanto.php>

36. FOIA request in the UK, revealed that the government, with the collusion of the vaccine industry, been hiding from public for 30 years, three facts about vaccines: (See Evidence.) <http://childhealthsafety.wordpress.com/2012/03/14/government-experts-cover-up-vaccine-hazards/>

1). They do not work.

- 2). They cause the diseases they are said to prevent
- 3). They contain dangerous toxins

37. The CDC refused for 7 years to respond to FOIA requests they must legally respond to in 20 days.

<http://www.bolenreport.com/Mark%20Geier/foiasuit6.htm>

38. When the CDC was sued, within a month Obama was trying to change FOIA law to make it legal for agencies to lie and say they do not have the documents.

http://www.denverpost.com/opinion/ci_19192188

39. There is now a No Fly Accord signed by many countries (140?) to block the flights (escape) of many of those listed here, who are wanted for arrest and trial for crimes against humanity.

<https://s3-us-west-2.amazonaws.com/groupklt.com/NoFlyAccords.pdf>

40. The American People and the people of the world are "sick" of these monstrous bankers and drug companies and military contractors who have sicked and killed millions of people. We see through the weaponized vaccines (and drugs and chemicals) and the quarantine offered by the WHO and UN (which is also controlled by the Rockefellers). We do not consider guillotine, gas chambers and concentration camps means to health. And we know that the UN and WHO were set up right after WWII, posing as peace and health organizations but in fact are covert means to continue the Nazi regime of total global control and genocide - the New World Order both Hitler and George H. W. Bush promoted.

41. The CDC and WHO's mandated vaccines are ALL contaminated <http://salem-news.com/articles/november292011/vaccines-contaminated-se.php> and have been sterilizing children and young women (Gardacil) and women around the world. <http://foodfreedomgroup.com/2012/10/10/is-the-cdcs-mandated-vaccine-schedule-a-health-disguised-compulsory-sterilization-program-by-william-davies/>

Nothing protects children better than breast feeding and natural immunity http://foodfreedomgroup.com/2012/12/04/why-breast-milk-is-spectacular-protection-against-sids/?utm_source=rss&utm_medium=rss&utm_campaign=why-breast-milk-is-spectacular-protection-against-sids

42. The world elite including the Vatican and British Dutch monarchies have been murdering children through child trafficking and through Satanic rituals in which they seek the terror and agony in their victims, for the energy of such intense emotion and decapitate dismember their victims and drink their blood. George Soros who has funded the bioweapons lab in Africa which is set to kill millions does not care about health. Witnesses saw him a royal hunting party in which young people were stripped naked and hunted down and murdered and the boys' penises cut off as trophies.

<http://itccs.org/2014/07/14/whos-really-behind-child-trafficking-following-the-big-money-across-the-globe/>

43. The American people and the people of the world demand an immediate injunction against

vaccines coming from murderers like Gates, Soros and the Rockefellers and against quarantine. We see that transport to "quarantine centers" would include being guillotined or gassed to death.

44. The sadistic elite will be arrested and charged for treason and attempted genocide, and that will include Monsanto for turning food into a bioweapon and killing off bees and deforesting the Amazon and partnering now on a weaponized Ebola vaccinee. There will be no end of people who will be eager to volunteer to provide for their capture, for their detainment, and for all other functions required to bring these monsters to justice, legally and to try them for their crimes.

45. On behalf of ALL those who have died unnecessarily, the infants forced to be injected with toxins and viruses within hours of their birth, the children exposed to heavy metals that destroyed their minds, the young girls killed or maimed by HPV vaccines, the women who were sterilized and wanted children, the families and victims of intentional diseases, including the excruciating pain of cancer and the pharmaceutical industry's yet more terrible chemo "therapy" and the withholding of nontoxic cures, to all those who have lost children because they have been stolen and trafficked or murdered by the elite, to all those who have lost loved ones in the elite's endless wars for greed and power, to all those who have lost homes and jobs because of a rigged economy, to all those who lost businesses in the elite's plan to reduce every country to servitude, to all those who lost farms, to all those who despite armed raids tried to keep selling real food, to all those exposed to the poisons of chemtrails, to to all those killed or affected by HAARP which created tornadoes, hurricanes, earthquakes, tsunamis, floods, or droughts, to all those forced onto food stamps and into homelessness who the elite planned to starve to death when they collapse the economy and end food stamps, to all those who committed suicide in despair and to all those how loved them, to all the whistle blowers who have been killed trying to help their fellow man by bringing the truth and to all those whistle blowers who continue working in fear, to all the scientists and doctors and nurses and lawyers trying to protect real health and save lives and expose that the elite have take over "science, to all those who stood up and worked behind the scenes as Patriots despite knowing they were listed as terrorists and could be killed, to all those who worked to maintain a normal life for their children in the midst of horrors. to all the people of this beautiful, beautiful world who all deserve joy and peace and health and freedom bound only by the golden rule, may you take this injunction and bless and protect your family and go with as many friends as you can gather to file at your local court house. Share with everyone you know. Stand up now and be free.
