- g) Judge Alfred Lambremont Webre famously asked Judge Lady Seven "***how she knew so much about Law***"

**AND UPON** examining evidence proving that Judge Alfred Lambremont Webre followed corrupt directives which resulted in :-

- a) his failure to address the many serious complaints of manipulation and corruption from fellow honourable Tribunal Judges since January 2021
- b) falsely claiming sending people emails with lies to remove them as being '***lawful***' tarnishing his own reputation as an attorney of Law

- c) his failure to listen to the truth from multiple Tribunal Judges causing serious and significant harm injury and damage to co-founder Judge Lady Seven and the Tribunal as a whole
- d) failure to contact Tribunal Judges to get the facts *before* mass emailing and circulating lies

- f) failure to acknowledge they cannot abuse and then scapegoat Judge Lady Seven
- g) failure to acknowledge there is *not* one set of rules excusing their own toxic behaviour and another set of rules to falsely accuse, penalize and punish everyone else
- h) failure to acknowledge they cannot constantly behaviour abusively and then seek to punish innocent people for their own wrong doing
- i) failure to acknowledge the unjust removal of Tribunal Judge Clyde Harris aka Galactic Clyde to spitefully punish him for organizing the 'peace and resolution' conference
- j) failure to acknowledge the unjust removals of Tribunal Judges John and Bonnie Mitchell to spitefully punish them for attending the peace and resolution conference
- k) failure to acknowledge the unjust removals and serious mistreatment of a list of professional people
- l) failure to acknowledge making toxic unstable irrational reckless decisions, that changed from one day to the next

**AND UPON** evidence proving Judge Alfred Lambremont Webre and his executive administration team making reckless irrational decisions then trying to cover tracks :-

- a) people previously unjustly lied about, slandered and removed as Tribunal Judges in April 2021, were sent emails to provide resignations by 13<sup>th</sup> May 2021
- b) several weeks *after* they had *already* been unlawfully removed
- c) because they all know the spotlight is now fixed upon them and the abuse they have been doing to people is wrong

**AND UPON** evidence that the Tribunal's co-founder Judge Lady Seven was considered an *inferior subordinate* is in a email copied verbatim in the final Judgement.

**AND UPON** evidence that the Tribunal co-founder Judge Lady Seven a British woman of indigenous Caribbean heritage was sent a email to remove her suggesting that Judge Alfred Lambremont Webre and his '*Tribunal executive administration team*' were of :-

- a) '*superior authority*' above her
- b) signalling disturbing covert racial discrimination and supremacy
- c) note that the first expert Tribunal Judge to become unjustly defamed slandered and removed was Dr Rebello of ethnic origin from India
- d) the second expert Tribunal Judge forced to have to resign for requesting a man with derogatory explicit images of women not be made a Tribunal Judge and was declined, was Lena Pu an American (or Canadian) of ethnic oriental origin
- e) other Judges from European heritage have also been unlawfully removed but they have not received the same level of slander and '*being spoken down to*' in the same derogatory manner as Tribunal Judges of ethnic origin
- f) all of the people Judge Lady Seven witnessed Judge Lambremont Webre yelling at or about, are all people of ethnic origin: Allegedly Dave, Vasco, Lena Pu, Kemet Imani, herself. He may have also yelled at others, but that was not witnessed firsthand.

**AND UPON** examining evidence proving discrimination of co-founder Judge Lady Seven :-

- a) Rima Liebow was put in charge as the '*Tribunal's executive administration team*', someone without knowledge of Law, (certainly not as much knowledge as co-founder Judge Lady Seven) after joining the Tribunal for a comparatively short amount of time

- c) complaints about Rima Liebow were also made by Tribunal Judge Ingri Cassell after she too was later unlawfully unjustly removed.
- d) all complaints about Rima Liebow being highly '*manipulative and corrupt,*' prove to have merit, but in every instance Judge Alfred Lambremont Webre wrongly took Rima Liebow's side above people Rima Liebow had clearly violated

- e) Judge Lambremont Webre put a woman that other honourable Tribunal Judges had both flagged up as being *manipulative and corrupt* not just in charge, but *above* the co-founder
- f) Then, expected the co-founder to look upon them as being '*superior authority*' and not immediately doing so, was classified as a major *violation, warranting immediate removal* and this was mass emailed out to all and sundry
- g) Judge Lambremont Webre most insultingly suggested that his co-founding authority of the Tribunal Judge Lady Seven be reduced to doing publicity with a Tribesman from St the Island of St Vincent that neither he or she actually knew. Signalling holding deeply racist supremacist ideologies.
- h) he also placed a musician Michael Zazzio in charge who states also has a medical practice of some description with direct connections to mainstream media (deepstate) but his connections were not further investigated either
- i) Neither Rima Liebow nor Michael Zazzio have expertise in Law and thus were totally unqualified to be in charge of an organisation with its foundations based in Law, hence their abrupt removals of multiple Tribunal Judges without any carrying out any lawful due process or internal inquiry stands to reason
- j) Michael Zazzio ran another Tribunal for targeted individuals (possibly with Magnus Olson) which imploded from within by March 2021, then moved to create the aforesaid '*Tribunal's executive administration team*' directly afterwards but this major red flag was ignored
- k) Ralph Fucetola was also put in charge of the Tribunal and the fact that he works closely with Rima Liebow speaks volumes
- l) their actions prove they have no concern about Law, their only interest is in power and control. Had they been legitimate, they would never have allowed countless professional people to be used, slandered and disposed of so ruthlessly
- m) Judge Lady Seven's name as Tribunal co-founder was placed at the bottom of the list of Tribunal Judges. This also signalled covert racial discrimination
