Hi Alfred,

Allegedly we are under attack by the New World Order, but this is a deception. We are under attack by The Ancient World Order in what may be termed: A War of Civilizations carried out by subversion, or a Species War also carried out by subversion, in which Humanity has been bamboozled over the course of thousands of years to organize to self destruct. This is not a war involving extra-terrestrials, but rather a war of Crypto-Terrestrials against Human Civilization and against Homo sapiens as a species.

The Species designated Crypto-Terrestrials are Large Brain Hominids of at least two species: One is Homo capensis, brain 30% larger than human, the skull of which has been studied by the renown Paleontologist R. Broom(1919 paper attached) and whose IQ has been conservatively estimated by neuro scientists Lynch and Granger at 149 average with 10-15 % at 180 or more. The other is a very large brain Cone Head Hominid who has left his skull in many locations such as Peru, Mexico, Malta, and Russia. We also find that the entire earth was mapped by a mysterious civilization during the Ice Age when sea level was 400 ft. lower and there was no ice cap over the coast of Antarctica. This mapping was carried out by a civilization that used spherical trigonometry.

It is certain that we are ruled by what Lobaczewski (Political Ponerology) has call "Para Homo sapiens," psychopaths devoid of conscience, compassion and ethics, and below them are men trained in psychopathic behavior by secret societies, the military, religions, corporations. Below this are professional, soul crushed "Disciplined Minds."

We are controlled by a powerful intelligence that is not human, understand the way of our minds and emotions, and have bamboozled us. Their motive is simple: they overtly dominated the world and the herd (us) during the Ice Age, and they want to overtly dominated everything again. The entire UFO-ET genre has been created to confuse and misdirect us to non-threatening entities and ignore the incredible danger all around us.

2. What do we know about Homo capensis?

Fragments of a skull were found in ditch in Bskop South Africa in 1913 and taken to the local museum. This skull caused an uproar in British Paleontology until Homo capensis was up staged by Piltdown Man, who turned out to be a Hoax. Homo capensis is the starting point of Big Brain written by Professors Gary Lynch PhD, and Richard Granger, PhD. The 1919 paper by R. Broom is attached. This paper has given the conspirators fits as it is thorough and written by an acknowledge expert. Since they can't make it go away it is just ignored. I go over my experience with this in "Fragment Enchilada" (attached) Also attached is the R. Broom paper.

It does appear that Homo capensis walking around today and beings with unusually large heads have beeb observed in Cairo, South Africa, Portugal, and U.S. Sketch by Japanese friend other images attached.

This is about philosophy.

I think we are in a Super Zoo, which encompasses the entire earth, where we are the animals in captivity, and the zookeepers stay out of sight.

The coyote story intrigues me. The coyote will find a friendly dog and begin to play with it, running around in a friendly happy manner. Then, when the joyful dog has run into the bushes with his new friend, the coyote pack will jump out and eat him. There is also a spider species that has the same coloration and odor as an ant species; too late does the ant learn. And of course there is the Judas Goat.

This, and interspecies mating, exposes the truth that Nature lacks certain prudish and inhibiting qualities, perhaps all prudish and inhibiting qualities. The Super Zoo, is for earth a sublime example of Nature where the dominant species has pulled out the stops in controlling his chattel, filling their (our) minds with a seemingly infinite series of appealing, intricate, and frequently frightening, false hoods. Recognizing and disarming these falsehoods is the task of Harsh Philosophy.

For the West, the apex (or perhaps it should be nadir) of falsehoods is the Bible. A series of well researched books has identified the Jews of the Exodus as Egyptians from Akhen-taten led by Pharaohs including Akhenaten and Ramses I. There was no slave population of Jews, No Biblical Exodus, and Akhenaten, who became Abraham, was not human but was a Hominid Cone Head. When he was Pharaoh he did much to wreck Egypt, primarily by introducing monotheism and destroying the existing well functioning polytheistic system. So, the Jews of that time were actually Ejewptians and then, in 740 AD, Khazaria converted to Judaism resulting in the Ashkenazi Jews. I have not yet researched on how the Catholic Church developed from this.

Of course this is only a fragment of the falsehoods, which involve physics, medicine, law, history, biology, etc. We are in a matrix of lies and no logical analyses are permitted, because then we would have a benchmark, a reference, to examine the lies against.

We are managed by conspiracy. I am most familiar with conspiracies involving the U.S., but it is clear that it is everywhere. A very limited list includes:

The Battle of York Town where the U.S. victory supposedly secured independence. (The Battle of the Chesapeake https://en.wikipedia.org/wiki/Battle_of_the_Chesapeake shows how the outcome was fixed)

The Assassination of Abraham Lincoln

The 1871 elimination of the “united states of America” replacing it with the corporation: “THE UNITED STATES OF AMERICA.”

The Titanic Conspiracy and Double Cross. The Titanic was actually the Olympic, which had been irreversibly damaged by ramming carried out by HMS Hawk. The Titanic sinking was a planned insurance fraud with the double cross being the non-appearance of the rescue ship (Californian) and the subsequent death of Strauss, Astor, and Guggenheim, three very rich Americans opposed to the Federal Reserve. The Titanic sunk on April 15, which became IRS Tax Day.

The Federal Reserve, a conspiracy in every way, captured the U.S. and turned it into a hammer to destroy human civilization. The Titanic sank on the morning of April 15 (tax day), the Federal Reserve was enacted into law December 23, 1913, WWI began July 28, 1914. http://www.barefootsworld.net/fs_m_ch_08.html

The Belgian Relief Commission: WWI was going, but Germany was running out of food. Herbert Hoover and a Frenchman bought food in the U.S., shipped it to Belgium where it was trans-shipped to Germany. According to Eustace Mullins a British nurse in Belgium found out and wrote about it in the British Nursing Mirror. British Intelligence demanded of the Germans that she be shot, and she was.

Then of course we have The Great Depression, WWII, The JFK, RFK, Martin Luther King Assassinations, The Vietnam War, 9/11 Attack, Mind Control and Torture Technology, Vaccinations, EMF saturation, Fukushima, Geo-engineering HAARP, Drought, the Stealing of Children by the State, the disappearance of airliners (Malaysia Flight 370), the mysterious crash of airliners (Die By Wire Loss of Control Fright System), and on and on.

The three sites below make it clear that there are NO extraterrestrials.

William Cooper- <http://youtu.be/2FTT5RPMDws>

This all adds up to a total bamboozlement of the human mind. The hard work of thinking is simply not permitted. To reach this state required many years of dumbing down, bamboozling “smart men” to become expert in bamboozling others (Judaism, Catholicism,

Other Religions, Free Masonry, Skull and Bones, Knights of Malta, High Ranking Military Men, Banksters, Corporate Heads, Educators, etc. And now, in the last few decades, electronic brain hacking has been added, with the elite listed above probably the most hacked, but all of us are being influenced to some degree.

How does one get this point of view, information, paradigm, across? I can say from experience that very few want to know, and I would describe it as “façade fixation,” being enamored with the narrowest view possible.

From the uncomfortable perspective of being immersed in the matrix, it is clear that this fixation has been programmed over a very, very, long period of time by something that has an encyclopedic understand of the frailties of the human mind. Thought patterns have been deconstructed into fragments, and rearranged into dysfunction. This is the way I see it. Circumcision may provide a model. It impairs a chemical connection between a man and a woman and changes his neurological construct, his neurological perception of the woman, a positive neurological happening (from Cliff High <http://www.halfpasthan.com/> needs research) If this is accurate then an enormous period of observation was needed to understand the effects of circumcision.

Hi Alfred, this is # 4 and my extreme point of conspiracy

I think everything

The Boer War conducted by Her Majesty's Army at very great expense, was a war of genocide against the Farmers (Boers), particularly the Boer women and children. There are many unexplored ruins of the ancient civilization in the Transvaal and Orange Free State. I say this war of extermination was carried out to prevent the Boers from eventually finding incredible archeological discoveries that would have, and will in the future, disclose the history of Homo sapiens and our masters.

Michael Tellinger talks about this area in the link below, but he doesn't get it right.
